

2nd Edition | 2008 Brochure

PROFILE

Communication Products

FOR TRADE PROFESSIONALS & SPECIALISTS

THE POWER TO CONNECT

www.profileltd.co.uk

Power Poles & Posts

The double sided power pole has the benefit of a strong aluminium profile designed to retain its rigidity in all installation situations.

The length of the power pole can easily be modified on site and a height-adjusting locking mechanism is supplied.

The pole benefits from 35mm deep accessory boxes for quick and easy installation of accessories.

The double sided power post is used in much the same way as the power pole, but transfers wiring up from the floor, rather than down from the ceiling.

It is able to conceal wiring effectively and to conveniently position sockets, which is of particular benefit in offices and other application areas.

Power posts have a metal plate on the underside which is fixed securely to the floor, and a strong steel rod that extends from the plate through to the top of the post to give the product added strength.

Payment & Ordering Information

Cheques

Please make all cheques payable to Profile Ltd. Include delivery charges and VAT. If in doubt about pricing or carriage please contact our sales team.

Credit / Debit Cards / Credit Accounts

Profile Ltd accept Visa, Delta, Mastercard, Solo and Switch. When ordering we will require your name (as shown on card), card number, expiry date and 3 digit security code (on reverse of card), if paying by Switch will also need the issue number. You can apply for a credit account by completing the credit application form which is available for download at our website www.profileltd.co.uk and sending or faxing it back to our accounts department (address shown on the back of this booklet).

BACS Bank Transfer

For overseas and account customers who wish to pay directly into our bank account, please call for our details.

Prices & Terms of Purchase

All prices quoted in this brochure are correct at the time of going to press but are subject to change without prior notice. All prices are exclusive of VAT. Please view our standard terms of purchase which are available on our website www.profileltd.co.uk.

To Order

Our Offices are open Monday to Friday 8.00am to 5.30pm, all other times we have an out of hours answering service available.

Phone: 0845 601 7583

Fax: 0845 601 7584

Email: sales@profileltd.co.uk

Delivery Information

Profile Ltd offer a next day delivery service through TNT on all stocked lines. This service is free of charge on all orders over £150 Nett, orders placed below this value incur a £12.00 carriage charge. Please contact us regarding price information for premium delivery services .e.g pre noon or pre 9.00am and same day deliveries.

Welcome to Profile Ltd

We hope you will find the new Profile Brochure a valuable resource for your cable and data management needs.

Many exciting new products have been added to our latest brochure, which has been designed to guide you to the products you need quickly.

This catalogue will be online in the coming months and will be updated with new products as they become available along with offers and additional product information.

Profile's aim is to always ensure that we have the right products available at the right time at the right price, making sure our clients stay ahead in the market place.

We are committed to customer service and can always guarantee that your day to day contact with us will always be dealt with in a friendly professional manner.

We are always pleased to help with any technical enquiries and to help clients to identify solutions to networking and connectivity problems. Clients can also be secure in the knowledge that our support service continues for the life of the product.

Within the group we also have Optimum Connections Ltd who specialise in data and voice connectivity products, visit us at www.optimumc.co.uk or call us on 0118 977 1555.

Adrian Barker,
Managing Director

Pre-Wire & Testing Service

We can prewire and test any Tap Off to any Floor Box or Desk Power unit, call the sales office for a quotation.

Custom Floor Box Plates

We are able to supply Floor Box Plates to any size and quantity, Give us a try! Also see page 30 for custom metal fabrication.

IP66 FLOOR BOX WATER RESISTANT

WATER TIGHT FLOOR BOX FOR INDOOR & OUTDOOR USE

The **IP66 PROTECTION LEVEL** provides complete safety for electrical or voice data connections by keeping water and moisture away from the electrical mechanisms.

Ideal for **OPEN AREAS WITH A CONSTANT FLOW OF PEOPLE**, connection points are often required to supply power to machines that are only required occasionally.

Made from **THERMOPLASTIC, FIREPROOF, HALOGEN FREE MATERIALS**, which prevent the flames from spreading during a fire and guarantee low toxicity in the event of smoke.

MULTIPLE INDEPENDANT CONNECTIONS, boxes can be grouped together to provide several connection points.

Available with a **STAINLESS STEEL** or **BRASS** holding mechanism (lid).

IP66 Floor Box Demonstration

INSTALLATION DIAGRAM

STRONG & SAFE

IP66 Floor Grommet & Accessories

ZAGIP66B	Base Box For IP66 Box	27.20
ZAGIP66BC	Base Box Fixing Clip	4.25
ZAIP66D	Cat 5E Data Module	2.80
ZAGIP66LB	Brass Lid for IP66 Base Box	34.00
ZAGIP66LS	Stainless Steel Lid for IP66 Base Box	34.00
ZAGIP66P	Single Power Socket Outlet to Suit IP66 Base Box	4.50

DRAINAGE SYSTEM

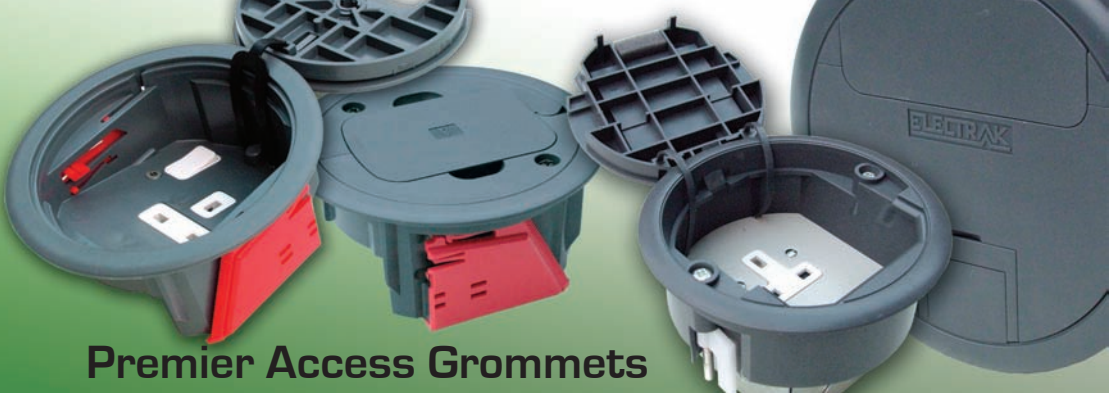

Allows you to install a drainpipe to evacuate any condensation of moisture from the inside.

HINGED COVER

A hinge with an opening of less than 90 degrees prevents the cover from being left open accidentally.

RESISTANCE

When in use the IP66 Floor Box can withstand the weight of people & other loads!

RETRO BRAIDING

Flexible, Semi-Rigid Wrappable Split Braided Tubing

The unique split, semi-rigid braided construction makes it the ideal solution for situations where ease of installation is of primary importance. The lateral split allows the tube to open up to accommodate a variety of bundling requirements, the semi rigid braid configuration simply closes around the entire installation without the need for any additional fasteners (velcro, tape, etc.)

This retro braid configuration will bend to a tight radius without distorting or splitting open and, unlike full rigid tubing, will not impair or affect the flexibility of harnesses.

Retains Shape and Rigidity Throughout •
-75°C to 125°C temperature range

More Flexible Than Split Convoluted •
or Spiral Wrap

Easy, Cost & Labour Effective •
Installation

25% Edge Overlap •

Halogen Free •

Chemically Inert •

Melt Temp 230°C •

Cut & Abrasion Resistant •

Soft & Quiet In High Vibration Uses •

Retro Braided Sleeving - Semi Rigid - Black

ZFBSR13B	13mm Retro Braided Sleeve Semi Rigid - 50m	56.55
ZFBSR20B	20mm Retro Braided Sleeve Semi Rigid - 50m	72.50
ZFBSR25B	25mm Retro Braided Sleeve Semi Rigid - 25m	50.38
ZFBSR35B	35mm Retro Braided Sleeve Semi Rigid - 10m	39.58
ZFBSR50B	50mm Retro Braided Sleeve Semi Rigid - 10m	54.23

The large overlap allows easy installation over splices and inline connectors without exposing wires and cables.

Laser Engraved labels

Improve your image cost effectively with professional labelling

- **Bespoke Product** - labels made precisely to your requirements/any text & size.
- **Prompt Service** - 2 - 3 day turn around on most orders, quicker if required.
- **Supplied in Sheets** - So that they are kept in order rather than loose in a bag.
- **Superior Adhesive** - for increased durability, proven to out perform other adhesives used in industry.
- **Competitive Pricing** - e.g. 10p for outlet labels & £1.55 for full length patch panel labels.

Our Range

Offering a range of label thicknesses, with or without adhesive (i.e. slide in labels), Labels as thin as 0.1mm, Reverse engraved materials - ideal for food or medical environments or outdoor weatherable material.

Available Colours

Black on white	White on light green
White on black	White on dark green
Black on yellow	White on purple
White on red	White on maroon
White on orange	Blue on white
White on dark blue	Red on white
White on Light blue	Black on silver

How To Order

Simply give us your numbering / text, preferably in spreadsheet format and send it to us via email to sales@optimumc.co.uk together with what equipment it will be designed to fit and the colour you require and we will do the rest!

*we also have access to many other materials. Please contact us for an immediate quotation or if you have specific requirements not covered above.

Supplied by
